I have checked and declare that all photos for bulk scanning orders are provided to Pixels Plus in size order, unmounted, not torn or bent, no smaller than wallet size (2.5 x3.5 inch) or larger than 8" x 12", or have anything sticky or raised on the surface. For these photos please tick the box for custome scans below , otherwise A 50% fee applies to orders that don't comply.

What we require: that all photos are loose, meaning out of albums, removed from envelopes and frames.

If you want to help keep groups of photographs together, put an index card at the beginning of each group with some information on it relating to the album or envelope they are from and we'll scan those right along with the photos.

Technical specifications: Our standard scanning resolution for this service is 300 dpi. This is adequate for making good copies up to twice the size of the original photo.

Upgrade Option: We can scan your pictures at 600ppi so you can make bigger enlargements retaining clarity. While the high-resolution files are four times larger than standard files, they only cost 50% more.

Non-conforming photos: Photos with adhesive, Blue Tac, stickytape or anything similar on them will need to be scanned manually at the below charge. Mounted or thick photos, such as Polaroid and Kodak Instant Photos, may not feed through our automated equipment. Neither will photos less than about 2½ by 3½ inches, torn, bent or delicate photos. We can scan them, but there is a fee of \$2 for these pictures which must be custom scanned manually.

OPTIONS:

Tick

- Custom scan non-conforming images up to 8x12 and charge \$2 for each one.
- Do NOT scan non-conforming images and return them.
- Scan all photos at 600 dpi. This will increase the total cost by 50%.
- Extra copies of CD, at \$5 per disk
- Extra copies of DVD, at \$15 per disk
- Video DVD Slideshow of every image scanned \$45. Can be played on most home DVD players for viewing on TV. (Custom options such as titles and music available at normal slideshow pricing). This service is only available for small scan jobs of around 500 photos.

Important notice: By submitting prints or documents to Pixels Plus, I agree that their value is no more than the cost of scanning the same quantity of photographs. That is, if Pixels plus would charge me 49¢ to scan a photo, the maximum amount of damage I may claim is limited to 49¢ per photo. Except for such agreed value, Pixels Plus will not be liable for any other loss or damage, direct, consequential or incidental to the customer's use of such services.

We honour photographers' copyrights. If you submit photos that are the identifiable work of a professional photographer we will return them unscanned, unless you provide us with the signed permission of the photographer(s).
